The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1-8 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Miyazaki FR ~~-245068~~ 2455068.

The rejection of record is maintained.

Applicant argues no surfactant is present, which makes the clear gel of the instant invention, and Miyazaki requires an ammonia⁵ step. Claim 4 of Miyazaki requires ethylene glycol, glycol or p~~er~~atanetrol, any of which can constitute the instant unspecified surfactant. There is no preclusion of ammonia or anything else, in the instant open claims Language.

Claims 1-8, 12, 13 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Minatano et al 4362841.

The rejection of record is maintained.

Applicant focuses on the preamble, describing clear gels, but does not sufficiently specify the polymer, surfactant or hydrophobic liquid, to exclude Minatano. Minatano uses the same components as instantly claimed, to achieve homogeneous gels (col. 2, last paragraph). Given the various parameters discussed such as the molecular weight and cis 1-4 content of polymer, level of anhydride addition, surfactant selection; cross linking agent selection, filler, if any, the desired attributes of the composition as claimed can be achieved by one of ordinary skill in the art. The declaration addressed one of the examples, but is beyond the scope of the instant invention as claimed. Miyazaki still includes the instant invention as claimed.

Claims 14, 16 are allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
